Start with our exceptional gardens —
bonsai, rhododendron and an urban oasis called PowellsWood.

Experience a wetland reserve where ancient trees, mosses and birdlife abound. Hike, fish or kayak along our saltwater beaches, or explore forested parklands by bike. There's fresh fruits and flowers at the farmers market and a lively arts scene to round out your day.

Our hotels are more economical than those in Seattle and Tacoma, and our central Puget Sound location is convenient to Mount Rainier, Mt. St. Helens and the Olympic Peninsula.
