HYLEBOS
A PHOTOGRAPHIC PERSPECTIVE

Please join us to hear....

Seth Bynum

Photographer

Saturday, May 9
10:30 a.m. – 11:00 a.m.

Highline Community College
MaST Center

Located near the Redondo Beach Park

<http://www.highline.edu/mast>

For five years, photographer Seth Bynum has explored the Hylebos Wetlands of Federal Way with his lens, capturing the hidden beauty of this natural treasure tucked away in a suburban community. His work focuses on documenting the fragile flora and fauna of this local watershed, in hopes that others may share in his passion to conserve the Hylebos.
